RESEARCH AND MAINTAINING OF BIODIVERSITY IN HISTORICAL STRUCTURES OF AGRICULTURAL LANDSCAPE OF SLOVAKIA

is supported by the EEA Financial Mechanism, the Norwegian Financial Mechanism and the Government of the Slovak Republic

Conference papers:

The conference papers will be published in the revised scientific proceedings of the conference. The selected papers will be published in *Ekológia (Bratislava) Journal*.

Authors are requested to submit contribution in the correct English and relating to one of the main topics of the conference.

Authors will be informed by the end of December 2010 whether their papers have been accepted for oral or poster presentation.

Detailed information are attached in separate file „Instructions for Authors“.

Venue:

The conference will take place in the willage of Viničné, located 25 km from Bratislava. For more information please visit the web page www.galbovmlyn.sk

Field trip

The Small Carpathians region is in Slovakia well known for its wine production, where the old vineyards have been preserved till now. The excursion will lead to the traditional vineyards around the historical town of Svätý Jur, to explore its history, architecture, vineyards, and the surrounding natural habitats.

Visit of wine cellar – wine tasting

Field trip will include traditional dinner and wine testing.
