## DELIVERY CONDITIONS

All deliveries are subject to the availability of products and the confirmation of payment by PayPal.

Once the economic transaction has been confirmed, the order is processed and sent. The delivery date will depend on the final destination of the goods. In general terms, a delay of 24/48 hours is calculated. There may be unexpected factors that delay delivery, such as the absence of anyone to receive the goods at the destination address, logistical problems regarding the distribution company, etc. These situations, which are beyond our company's control, occur very rarely and we do everything in our power so that your purchases reach you as soon as possible. Delivery costs include handling, packaging and transport.

## CHANGES AND RETURNS

Products may be returned within 15 days of the order being placed. In the case of a faulty product, it will be replaced with another one in perfect condition.

In the case of changing one product for another, the client will be responsible for paying the transport expenses.
